About Communities Rise
Communities Rise’s mission is to support movements to build power in communities impacted by systemic oppression. We foster cross-sector collaboration, and provide capacity building and legal services for community organizations and low-income small business owners. Before we were Communities Rise we were two organizations working in collaboration that decided to merge, Wayfind and the Nonprofit Assistance Center (NAC). Wayfind provided the legal services while NAC focused on capacity building. Fast forward two years through a global pandemic, and we are still learning what it means to be a fully merged organization. The pandemic has presented opportunities for us to get creative with our strategic planning process to decide as an organization how we would like to participate in rebuilding the world we would like to leave for future generations.

About the Legal Team
The Legal Team is diverse and is currently made up of these roles: Administrative Assistant (full time, works across teams), Small Business Resources Manager (part time, .8 FTE), and Attorney - Small Business Lead (part-time .375 FTE, will be full-time in near future) with support from the Executive Director and a legal mentor with significant experience in representing small businesses and nonprofits on their business law needs. After two of the most significant years in recent times that we have experienced, we are revisiting our goals and deciding what steps to take to move them forward. We feel the pandemic has called for a new way of being in the world and moving forward we seek someone who is willing and able to join us on this evolving journey. Communities Rise is invested in developing a
collaborative and transparent shared leadership structure that allows for the wellness of its individuals in a way that is sustainable for all.

What we value
- Transparency, flexibility, and commitment to collaboration and shared leadership.
- Comfort working with a diversity of groups and interests.
- Inclusivity and relationship-focused leadership.
- Recurring and frequent feedback provided among all team members.
