#### **Position Summary**

Communities Rise is hiring a regular full-time Community Learning Manager to manage our legal and capacity building community learning programs. We are seeking candidates who are community-minded, committed to racial equity, self-motivated, detail oriented, strategic, and who enjoys collaborating with community partners. The Community Learning Manager will work closely with our Legal Team and Capacity Building Team on developing trainings, workshops, and learning tools for BIPOC led and serving community organizations, small businesses, and our volunteer attorneys. This position will also collaborate with community partners that serve community organizations, stewarding relationships and managing contracts with partner organizations or agencies. We are looking for candidates that understand the needs of adult learners and are interested in designing learning opportunities for community leaders and volunteer attorneys.

**Communities Rise's mission is to foster movements to build power in communities impacted by systemic oppression. To create a more equitable system we pursue cross-sector collaborations and provide capacity building and legal services for community organizations and microenterprises.**

- **Cross-Sector Collaborations** - We team up with funders, community organizations and community leaders to co-design, implement, and elevate initiatives for equity, diversity, and inclusion.
- **Capacity Building** – We build capacity in community organizations working in communities impacted by systemic oppression through our nonprofit cohort program, grant writing, and fundraising clinics.

- **Legal Services and Trainings** – We provide legal support to nonprofit organizations and microenterprises on their business legal needs through direct representation, legal clinics, and legal trainings.

Before we were Communities Rise we were two organizations working in collaboration that decided to merge, Wayfind and the Nonprofit Assistance Center (NAC). Wayfind provided the legal services while NAC focused on capacity building. Fast forward two years through a global pandemic, and we are still learning what it means to be a fully merged organization. The pandemic has created opportunities for us to get creative with our strategic planning process and as an organization decide how we are going to participate in rebuilding the world we would like to leave for future generations.

### **What we value**

- Openness, flexibility, and commitment to collaboration and shared leadership.
- Comfort working with a diversity of groups and interests.
- Inclusivity and relationship-focused leadership.
